

QUIEN TO GET SECOND TRIAL

**Alleged Betrayer of Edith
Cavell Appeals Death
Sentence and Wins.**

Paris, France, Oct. 2.—An appeal by Georges Gaston Quelen against the verdict of a court martial, which recently sentenced him to death for having had treasonable dealings with the Germans and for betraying Edith Cavell, the English nurse executed by the Germans, has been upheld by the court.

Quelen maintained that the vote of the court martial was four to three, whereas it should have been five to two.

The decision sets aside the verdict of the court martial and Quelen will be tried again.

A Line O' Cheer Each Day O' The Year

THE DREAMER.
If MEN shall call you Dreamer do not care;

For dreams have made a darkened world more fair.

The songs of Poets come from dreamy valves.

And even Justice with her balanced scales

Sprung from a Dreamer dreaming dreams of Right.

In days when earth was ruled by brutish might.

And all the best by living mortals prized.

Are naught but dreams of Dreamers realized.

HOROSCOPE

FRIDAY, OCTOBER 4, 1919.

ALTHOUGH Jupiter rules strongly for good this day, caution should guide all affairs.

According to astrology, Neptune, Saturn and Venus are adverse.

Commercial transactions are subject to the best direction early in the morning, but business deals with women may be lucky.

Jupiter is in a place read as promising for great business enterprises that may benefit communities more than individuals.

Cooperative projects will multiply, according to the signs, and the west will lead in big ventures that will be lucky.

Women should be careful during this away of the stars to avoid deception. The stars prophesy much misrepresentation regarding business and politics which will win their confidence.

Venus is in an aspect threatening to the happiness of those who woo or wed while this configuration prevails.

There is a sign read as menacing to the theater today, and especially to those long connected with it. As part of the trend of the new era, old managers as well as old players are to be superseded.

Labor continues under the best influences this month, but there may be a crisis due to a mistake in making some important decision in accepting some new policy.

Railway matters will continue under adverse rule of the stars, the seers predict, and accidents may be numerous.

Uranus is in a place read as indicating accidents or explosions on ships.

The president of the United States has a direction of the stars making for final success in his administration.

Persons whose birthdays it is may meet with many problems during the year, but they have an encouraging outlook.

Children born on this day are likely to be generous and kind. These subjects of Libra usually succeed best as employees. (Copyright, 1919, by the McClure Newspaper Syndicate.)

What is MONGOLIE?

Unless you have read the Paris letter in the October Bazar, Mongolie is probably as yet unknown to you. It's a fur! And it is the very newest felt featured by the French furriers. But that is only one of the Paris innovations described by our Paris experts. Gowns are elaborately trimmed. Garniture is lavished to give the fabled splendor of an old French Court. And there are riots in color. Poiret, Paquin, Worth, Premet, Jenny, Martial et Armand, Boue Soeurs, Lelong et Fried are among the great Paris houses whose models, shown at the Paris openings, are pictured and described for you in the
